PROFILE

Enthusiastic and diligent IT engineering student at Meghnad Saha Institute of Technology with a foundation in front-end development, Python, HTML, CSS, and UI/UX basics. Seeking an internship or entry-level position to gain hands-on experience and apply my technical skills to real-world projects.

EDUCATION

Bachelor's of Technology   2024-2028
Meghnad Saha Institute of Technology

- Currently pursuing a B.Tech in Information Technology
- Enhancing skills in Python, HTML, CSS, and JavaScript.
- Focusing on building technical expertise in software development, data structures, and core IT concepts.

Higher Secondary Education   2021-2023
St Thomas Church School, Howrah   (86%)

- I completed my higher secondary education at St. Thomas Church School, Howrah, where I specialized in the science stream with a focus on mathematics, physics, and computer science.

Primary and Secondary Education – ICSE   2015- 2021
St Thomas Church School, Howrah

- I attended St. Thomas Church School from Class 5 to Class 10, where I gained a well-rounded education across various subjects, including math, science, and English.

PROJECTS

Portfolio Website
Created a personal portfolio website to showcase my projects and skills using HTML, CSS, and JavaScript.

E-commerce Front-end Prototype
Designed a front-end prototype for an e-commerce site as part of a class project, implementing UI/UX basics and responsive design principles.
